

»ECONOMY CLASS«- REFRIGERATED BAR COUNTERS

Further advantages:

overflow pipe and -valve, both in stainless steel

larger working and rinsing surface due to minimised edges

energy-efficient hollow chamber gaskets with patented closure system

solid cooling (capillary tube technique)

fronts in stainless steel (1.4301), brushed surface

even (flat) floor

ergonomic and comfortable stainless steel handle bar at the highest point of the fronts

interior lighting for wing door modules (as option)

exclusive LED-illumination for the glass fronts of wing doors and drawers (as option)

Your product advantages:

- extraordinarily calm and safe closing of doors and drawers
- energy-efficient hollow chamber gaskets with fold-free and hygienic surfaces
- stylish glass fronts for doors and drawers (as option)
- individual colour and material choice for the fronts (as option)
- »First Class«-bar top with unique prism drip plates

All »Economy Class«-refrigerated bar counters have got a »First Class«-bar top, are designed in a modular way in a length range from 1550 mm up to 3050 mm and can be equipped individually. These bar counters are available either with sink(s) on left or on right side, either with a surrounding edge or with an upright edge on rear side of the bar top.
